## What's in a name?

Dauphine's (pronounced "dō-feenz"), means the Crown Princess of France / heir to the throne. For the owner, however, this name has special meaning; her father called her "Princess" from the time she was born. Dauphine's reminds her of her dad and makes her smile. When you visit Dauphine's Bakery and Café, we hope that our delicious food, pastries, and drinks make you smile, too.
